OUR PROVEN TEST METHODOLOGY

T

Theoretical Framework

The student participates in lessons from professional IBDP tutors—in small batches of 5 students or fewer. They also get access to comprehensive, high-quality study material on almost every topic.

E

Explanatory Videos

After the student is comfortable with the basics, they begin to watch more explanatory videos to supplement their knowledge.

S

Strengthening Concepts

The student then begins practicing with modular assignments to reinforce their skills. Tychr also holds brainstorming sessions with faculty and students from different countries to help students plan their Extended Essay and Tok.

T

Time Bound Test Series

Finally, the student moves on to solving question papers in exam-style conditions. They receive checked answer sheets and a comprehensive answer key to each along with the real-time rankings for students around the world.
