THEORETICAL FRAMEWORK

In the International Baccalaureate Diploma Programme (IBDP), students participate in a challenging academic experience led by experienced IBDP educators. These educators provide individualised instruction in small group settings, with a maximum of five students per session. Participants have access to a wide range of high-quality educational resources covering various subjects.

EXPLANATORY VIDEOS

After learning the basics, students are shown a specific collection of instructional videos. These videos are meant to help them master the foundational concepts and understand the curriculum better.

STRENGTHENING CONCEPTS

Students reinforce their understanding through specific assignments and receive personalized mentorship to address any questions. Tychr facilitates collaborative brainstorming sessions with educators and students worldwide to support learners in their Extended Essay and Theory of Knowledge (TOK) projects.

TIME BOUND TEST SERIES

As part of the learning process, students are given timed assessments that simulate actual exams. They will receive evaluated answer scripts and a detailed key for each test. Tychr's analytical feedback provides a comparative performance metric, allowing students to see how they rank among their international peers..

OUR EXPERT TUTORS

Tychr aims at bringing the gaps in existing understanding of concepts to strengthen the fundamentals of students.

A FREE COLLEGE COUNSELLING AND SAT SESSION

At TYCHR, we are committed to providing our students with a comprehensive and holistic approach to education. As part of our commitment to our students, we offer a range of value-added services, including a free college webinar and an SAT session.

In addition to the college webinar, we also offer a free SAT session to our students. The SAT is an important standardised test that is widely used by colleges and universities in the admissions process. Our SAT session is designed to help students improve their scores and increase their chances of getting into their dream college. Led by experienced SAT tutors, the session covers all the key concepts and strategies that students need to know to excel on the test.

By offering these value-added services, TYCHR gives its students a distinct advantage in the highly competitive world of college admissions. We are committed to providing our students with the tools, resources, and support they need to succeed, both in the IB program and beyond.

LIVE IB CLASSES ON ZOOM FOR 10+ IBDP SUBJECTS

The transition might seem tedious, but if you want an extra hand or if you want to continue learning at TYCHR, we have 2-month IB classes for over 10 subjects in a class with fewer than 10 people.

We understand that personalized attention is key to student success, especially in a rigorous program like the International Baccalaureate (IB). That's why we offer 2-month IB classes with a class size as small as just 10 people. With small class sizes, our IB tutors can identify each student's strengths and weaknesses and tailor their teaching approach accordingly. This personalized approach helps students to better understand the material, build their confidence, and achieve their academic goals.

In addition, our small class sizes create a collaborative learning environment where students can engage in lively discussions and exchange ideas with their peers. This fosters a sense of community and encourages students to support one another in their academic pursuits.

EXTENSIVE RESOURCES

Tychr provides a wealth of resources for students, including comprehensive IB notes on all subjects and informative articles on tips and strategies to succeed in the program.

Our IB notes are created by experienced educators and cover all the topics required for the curriculum, providing students with a thorough understanding of the material. In addition, our articles offer valuable insights and advice on various aspects of the IB program, such as exam preparation, time management, and effective study habits.

In addition to IB notes and articles, our company provides extensive resources to help students excel in their exams. We offer a wide range of past papers for all subjects, which are an essential tool for exam preparation. These past papers allow students to familiarize themselves with the exam format, question types and time management skills. We also provide detailed answer keys and marking schemes for these past papers, allowing students to assess their performance and identify areas for improvement. Our company strives to provide comprehensive resources to students to ensure they are fully prepared for their exams and have the best chance of success.

We believe that providing access to these extensive resources will help students achieve their academic goals and succeed in the challenging IB program.

IA/EE IDEAS

Tychr understands the importance of Internal Assessments (IA) and Extended Essays (EE) in the IB curriculum. That's why we provide extensive resources on IA and EE ideas for all subjects. Our resources include detailed guidelines on the structure and format of the IA and EE, as well as sample topics and prompts for students to consider.

We encourage students to use these resources as a starting point for their own research and ideas, and to consult with their teachers for additional guidance and support. Our goal is to help students develop a strong understanding of the IA and EE requirements, and to provide them with the tools and resources they need to succeed in these important assessments.

PROGRAM INTRODUCTION

Welcome to the Bridge Programme designed to help you make a smooth transition from International Baccalaureate Diploma Programme (IBDP) Year 1 to Year 2. As you know, IBDP Year 2 is a critical time where you will finalize your research paper, complete your assessments and sit for your final exams. Our Bridge Programme is designed to ensure that you are well-prepared to excel in Year 2.

The IBDP aims to develop students who have excellent breadth and depth of knowledge – students who flourish physically, intellectually, emotionally and ethically. The Diploma Programme (DP) curriculum is made up of six subject groups and the DP core, comprises theory of knowledge (TOK), creativity, activity, service (CAS) and the extended essay.

Through the Diploma Programme (DP) core, students reflect on the nature of knowledge, complete independent research and undertake a project that often involves community service.

DP 1 CHECKLIST

In International Baccalaureate Diploma Programme (IBDP) Year 1, you should have completed the following requirements:

- **CAS (Creativity, Activity, Service):** You should have completed a minimum of 50 hours of CAS activities, including at least one project in each of the three areas: Creativity, Activity, and Service.
- **TOK (Theory of Knowledge):** You should have completed the TOK Exhibition.
- **EE (Extended Essay):** You should have selected a research question and completed preliminary research for your Extended Essay, which is a 4,000-word independent research project.

- **Core Subjects:** You should have completed the required coursework and assessments in the six core subjects: Language A (your first language), Language B (a second language), Individuals and Societies, Experimental Sciences, Mathematics, and the Arts.
- **Internal Assessments Drafts:** You should have completed the second draft of your internal assessments in each of your subjects, which contribute to your final grade.

It is important to note that the requirements for IBDP 1 may vary depending on your school's policies and the specific subjects you are studying. It is recommended that you consult with your school's IBDP coordinator or academic advisor to ensure that you have met all the necessary requirements for IBDP 1.

DP 2 CHECKLIST

Moving forward, DP2 will mainly focus on:

Extended Essay

The extended essay is a mandatory core component of the IB Diploma Programme that ends with a 4000-word essay. It contributes to the 3 extra points apart from the cumulative subject score for the 6 chosen subjects.

- ☑ Choose an interesting subject area and pick a topic
- ☑ Before beginning to write the essay, read through the extended essay guidelines
- ☑ Plan the extended essay thoroughly and begin
- ☑ Note down all of your references
Reflection is important
- ☑ Validation and collection of method and data

TOK Essay

ToK is externally assessed based on a 1200 to 1600 word essay on a prescribed title.

- Understand the Prescribed Titles
- Choose Your Title Carefully
- Understand the Grading Criteria Read the Essay's Instructions Carefully
- Brainstorming Ideas around the Title of the Essay Identify the Knowledge
- Issue in the Essay Title Create Your TOK Essay Outline Craft a Thesis Statement

TIMELINE

FIRST 30 DAYS OF THE PROGRAM

Providing a holistic revision coverage for all the topics of the DP1 syllabus for the respective subject

NEXT 30 DAYS OF THE PROGRAM

Providing the head start with the topics of the DP2 syllabus and an extensive mentoring on IB style questions for each subject.

COURSE STRUCTURE

COURSE SCHEDULE

Frequency of the Class	2/3 classes per week for each subject
Timing of the Class	Between 4 PM to 8PM (a fixed schedule will be shared upon enrolment)
Total duration of the Course	2 Months July 7, 2024 to September 6th, 2024
Duration of the Class	Each class is for 60 minutes
Size of the Class	Up to 5 students
Cost of the Program	Individual societies - \$400 / ₹32K per subject Sciences and Maths - \$500 / ₹40k per subject GST Additional

ENGLISH A LANGUAGE AND LITERATURE SL/HL

Duration	Phases
7th July - 6th August	Phase I <ul style="list-style-type: none"> • Identity • Culture • Creativity

TESTIMONIALS

AHAN
IBDP CHEMISTRY HL

Chemistry was never an easy subject for me. I always had problems understanding a few topics, especially Organic Chemistry. But with TYCHR's TEST methodology, I was able to study more systematically and in a way where I actually understood everything that I read and every test that I took.

★★★★★

KAUSTUBH
IBDP MATHS AASL

Like most people, I had the most difficult time dealing with Math AA, but TYCHR has simplified the subject to a great extent. My score went up to a 6 in just 4 months.

★★★★★

SRI SAI
IBMYP ENGLISH

Never thought I'd need English tutoring, but my grades proved otherwise. TYCHR provided the extra help, guiding me to better results.

★★★★★

SANSKRUTI
IBDP PHYSICS HL

Physics was the toughest subject for me out of all my choices. It was a difficult one to crack. But then, I found out about TYCHR and I was beginning to become optimistic. I loved the fact that they were available whenever I needed their guidance and/or help.

★★★★★

REHAN
IBDP HISTORY HL

TYCHR replaced multiple tuitions, offering expert advice for top marks. Best wishes for TYCHR's bright future!

★★★★★

AARAV
IGCSE ACCOUNTS

Initially disinterested in accounts, TYCHR made understanding possible. Despite my lack of interest, their help proved beneficial in the end.

★★★★★

TESTIMONIALS

AAHIL
IBDP MATHS AIHL

I was shocked to see the 7 on my Math paper. While I wasn't very good at Math in the beginning, TYCHR's tutor helped me and guided me, making the learning journey easier. I will be grateful to TYCHR for that.

★★★★★

VENYA
IBDP MATHS AIHL

TYCHR's tutors never failed to satisfy my academic needs. They guided me with anything I needed help with and as a bonus, they were also very friendly.

★★★★★

SPARSH
IBDP MATHS AIHL

Math IA seemed im-possible to me. After TYCHR's tutoring classes I saw my score shoot up to a 6 in a matter of 5 months. I was appalled with the results.

★★★★★

ARJUN
IBDP MATHS AIHL

My Math AI tutor is very attentive and caring, the scheduling is flexible, and the quality of teaching is top notch. There is no doubt in my mind that I made the right decision choosing to TYCHR.

★★★★★

SAHAAT
IBDP MATHS AIHL

I believe that getting a 7 in Math would never happen for the longest time. But with TYCHR's unique teaching methodology, I was able to see past the difficulties and understand what was being taught.

★★★★★

ROHIT
IBDP MATHS AIHL

Math was just a bunch of alphabets in my eyes for the longest time. While it took me a lot of time to understand the math, TYCHR's tutor made it possible. I scored a 6 and that's because of TYCHR.

★★★★★
